

The St. Gabriel Mom's Club is intended for those who have children not yet in school. Whether you have infants or toddlers, one child or six, join us today. This group is for full time Moms and Moms who work outside the home.

We meet several times a month. Twice a month we have morning play dates. We also have a monthly field trip and Mom's Night Out. Life with little ones is unpredictable, so come to the events that fit your schedule.

The little blessings in your life will benefit from a Mom who has a network of caring, and Catholic friends. To nourish ourselves spiritually, we attend daily mass on the first Tuesday of the month, and Adoration on the third Monday of the month. Contact Michelle Sherrard at msherrard@insightbb.com or 592-3154 for more information.

A mother's gift is to give life. But in the daily demands of feeding and forming, cleaning and cautioning, tending and teaching, her gift can get lost in the layers.

She needs to remember that her work begins with herself. To be attentive to others, she must listen to her own heart. To care for others, she must take time for herself. To teach self-love to others, she must act lovingly towards her own body and her time.

If she finds her own sparks, she will fan them in those around her. If she frees her own spirit, she will help others soar. If she focuses each moment by being wholly present, she will point the way to holiness and to God. And if she truly lives, she will give real life to the world, not only in her children's bodies, but in their souls.
