

Sight Word List

I would like to have the students begin learning new sight words each week. The words are just what they're called reading them by "SIGHT". I will give you the words between now and Christmas break. Please practice the words each night and we will flashcard the words to the students on Fridays. As we learn the words, we will add them to our class word wall. We will be using these words in our daily writing activities. Thanks for the extra practice.
